What are we looking for?

An inspiring and enthusiastic teacher is sought who will play a key role in a supportive, collaborative and experienced Mathematics Department. The role would suit either an early career teacher or a teacher seeking further experience. While the ability to teach to A Level will be an advantage, this role will focus on KS3 and KS4. For the right candidate there might be the possibility of additional Departmental leadership responsibilities.

Students are streamed from Year 7 into two groups, with all groups sitting the GCSE Examination at the end of Year 11. We follow the Edexcel syllabus for GCSE and A level. The department also offers GCSE Statistics as an option subject from Year 9 as the popularity for Maths continues to increase.

Our teachers ensure that each student is provided with the confidence to develop their knowledge and application of Mathematics from Year 7 through to public examinations. Each student is expected to fulfil their potential in Mathematics within an environment where they are supported and challenged. They are also expected to use these skills to enhance their learning and development throughout the ArtsEd Curriculum within their wider academic and vocational education.

All staff at ArtsEd are expected to sustain and improve the quality of performing arts training and academic education that is offered to the students in the school. Our ethos is one of shared responsibility to which all teachers make a significant contribution. You will be expected to generate, along with the other members of successful department, the vision and ethos for the course and work together to develop the most innovative core units for students.

In 2024, recognising our outstanding curriculum and performing arts achievements, ArtsEd was awarded a 'significant strength' by ISI, and the School won the ISA National Award for Excellence.

Background to ArtsEd

ArtsEd originated from two schools, one founded in 1919 by Grace Cone and one founded in 1922 by Olive Ripman. These two educational pioneers believed passionately in the value of combining a general academic education with specialised training in dance, drama, music and art. They were committed to preparing young people for professional careers in or related to the theatre. In 1939, Grace and Olive joined forces to create the Cone Ripman School, subsequently named the Arts Educational Schools. Dame Alicia Markova and Sir Anton Dolin drew almost exclusively on ArtsEd students to help them create their revolutionary company London Festival Ballet, which eventually became the English National Ballet. Ballerina Dame Beryl Grey became Director of the Schools in the 1960s.

ArtsEd continued to innovate, introducing both professional acting and musical theatre courses and in 1986 moved to its present home in Chiswick. In 2007, Lord Andrew Lloyd Webber became President, heralding an auspicious new era for ArtsEd. The Day School and Sixth Form remains the leading school of its kind in the UK with all students possessing outstanding creativity and dedication. Academic results and vocational success are significant, and our Value-Added return is in the top 1% nationally. The School of Musical Theatre and School of Acting offer full-time BA and MA courses. Our Musical Theatre course is recognised as the best in the UK, while the Acting course is praised for its innovative 50:50 split between stage and screen acting. Our outstanding record of graduate success sees nearly every one of our Musical Theatre graduates and over three-quarters of our Acting graduates make their professional debuts within six months of graduating.

In addition to vocational training and significant success in the creative arts, each year a number of ArtsEd students move on to Russell Group universities where they study a range of more traditional academic subjects, including English.
